

City of DuPont Residents:

Are your recycling bins overflowing
due to the snow related cancellation
of service this week?

UPDATE:

Starting the afternoon on **Thursday February 7th**, LeMay will drop off several dumpsters for "co-mingled" recycling at the *vacant lot* across from the DuPont City Hall parking lot (1700 Civic Drive) and will remain in place until **~~Thursday February 14th~~ Monday February 18th** with several pick-ups between those dates.

Everything included in the other flier can be recycled in these bins *except* for glass, plastic bags and plastic wrap.
As a reminder:

* **NO** plastic bags, plastic wrap, or glass is to be placed into these bins.

**Separate* glass and cardboard bins *currently exist* in the Civic Center parking lot.

*The *next scheduled pickup* for recycling in DuPont will be Monday February 18th.
