### **Fire Safety Message - Grilling**

Propane and charcoal BBQ grills should only be used outdoors.

### **All Grills:**

- The grill should be placed well away from the home, deck railings, and out from under eaves and overhanging branches.
- Keep children and pets at least three feet away from the grill area.
- Keep your grill clean – remove grease or fat buildup from the grills and in trays below the grill.
- Never leave your grill unattended.
- Always make sure your gas grill lid is open before lighting it.

### **Charcoal Grills:**

- There are several ways to get the charcoal ready to use.
  - Charcoal chimney starters allow you to start the charcoal using newspaper as a fuel.
  - If you use a starter fluid, use only charcoal starter fluid.
  - Never add charcoal fluid or any other flammable liquids to the fire.
  - Keep charcoal fluid out of the reach of children and away from heat sources.

## Arbor Day Foundation Recognizes DuPont as a Tree City USA

DuPont achieved Tree City USA recognition by meeting the program's four requirements: forming a tree board or department, creating a tree-care ordinance, having an annual community forestry budget of at least \$2 per capita, and an Arbor Day observance and proclamation.

The Arbor Day Foundation website: "Cooler temperatures. Cleaner air. Higher property values. Healthier residents. The benefits trees bring to urban environments are endless — and by earning Tree City USA recognition, your community can experience them firsthand. The Tree City USA program provides communities with a four-step framework to maintain and grow their tree cover. It also gives them an avenue to celebrate their work, showing residents, visitors, and the entire country that they're committed to the mission of environmental change."

For more information about the Arbor Day Foundation and the Tree City USA program, please visit their website at <https://www.arborday.org/programs/treeCityUSA>.
