SQUALITCHEW CREEK AND ROBINSON TRAIL CLOSURES

On April 20th through April 21st, South Puget Sound Salmon Enhancement Group took soil cores, called geotechnical investigations, along Sequelitchew Creek and Edmond Marsh to gather data about wetlands near Sequelitchew Creek and Edmonds Marsh. These investigations will help in the restoration of Sequelitchew Creek and establish wetland buffers. Ultimately, the goal is to have salmon return to Sequelitchew Creek. More soil cores will need to be taken, which means the Sequelitchew Creek Trail and Robinson Trail will need to be closed for the public's safety. Watch for information about these closures in mid-May.

PARKS & RECREATION - SEEK Grant Pop Up Parks!

The City of DuPont is pleased to announce the first of many "Pop Up Parks", a program funding by the SEEK Grant for youth ages 4-21.

"Pop Up Parks" is headed to a park near you! The intent of the program is to encourage youth and families to spend time together while outdoors. "Pop Up Parks" will be hosted throughout the spring and summer on weekends, ½ days of school, summer weekdays, and other days in-between. Check our social media pages throughout the season for a "Pop Up Park" near you. **These programs are offered at no charge** and youth between the ages of 4-21 are encouraged to participate, depending on the age appropriateness of the program.

Our first free "Pop Up Park" event is scheduled for Saturday, May 7th at Clocktower Park for ages K-5. Youth can enjoy planting an herb garden, making a mini floral bouquet just in time for Mother's Day, and other springtime activities.

Information can be found on the city's website at: <https://dupontwa.gov/187/Parks-Recreation>

*****POLICE INCIDENT: 04/19/2022 FELONY ELUDING/STOLEN VEHICLE RECOVERY*****

At approximately 9:00 pm on April 19, 2022, a DuPont Police Patrol unit was conducting an emphasis patrol within the Historical Village area. While doing so, the officer observed a suspicious vehicle (the pictured black Honda). Upon conducting a records check of the license plate, the officer was able to verify that the vehicle was reported stolen by the Auburn Police. The officer attempted to stop the vehicle by initiating his patrol vehicle's emergency lights. The stolen vehicle attempted to flee, running a red light in the intersection of Wilmington Dr. and Steilacoom-DuPont Rd.

DUPONT POLICE DEPARTMENT continued...

Upon unlawfully entering the intersection, the suspect vehicle was immediately struck by an uninvolved motorist who had the right-of-way. The driver of the stolen vehicle, and sole occupant, then ran from the scene on foot. An additional DPD unit responded, along with a unit from the Steilacoom Police. Officers attempted to contain the area, secure the scene, conduct traffic control and see to the occupants of the other vehicle. There were no reported injuries of those involved, but the suspect was unable to be located (last seen running towards I-5). There was no evidence of a continued threat to the public and the stolen vehicle was recovered, towed, and the intersection was cleared a short time later. Evidence was collected and investigative follow up continues in an attempt to identify and charge the suspect.

As this regional trend continues, we see its impact in DuPont. Since the beginning of the year, on average, DPD officers encounter over one vehicle per week that fails to yield (does not stop for officers when attempting a traffic stop) or engages in intentional eluding – which is a felony pursuant to RCW 46.61.024. Furthermore, so far in 2022, DPD officers encounter almost the same number of stolen vehicles and stolen vehicle recoveries (just under one per week at the current rate).
