### **DEPARTMENT NEWS**

- The City’s automated traffic photo-enforcement system (AKA, red-light and school zone speed cameras) has been initiated. We are currently in the minimum 30-day warning period, which we anticipate will remain in effect until May 1, 2023. This will allow motorists to change their driving habits before finable enforcement begins.
- DuPont officers completed various trainings this week, to include the use of Narcan, non-lethal maneuvers, off-road vehicle use, and online courses.

### **REPORTING AN INCIDENT? NEED AN OFFICER?**

## **BEAR SIGHTINGS**

DPD is aware of several bear sightings in the Hoffman Hill area. Washington Department of Fish and Wildlife (WDFW) has been notified.

Bears tend to avoid humans; however, prevention is the best advice. Access to food sources is the number one reason for conflict – Pet food, bird feeders and unsecured trash are some of the things that could attract a bear so make sure to eliminate the temptation. When possible, put your garbage out shortly before the truck arrives.

If you're walking the DuPont trails, never travel alone, keep small children near you at all times, and always make your presence known by talking or making loud noises. Report any sightings to 9-1-1 and remember to keep a safe distance if you encounter a bear.

For more information on black bears, please visit the WDFW website at:
