

CITY OF DUPONT'S WEEKLY BITS & BYTES

Friday, May 10, 2024

NATIONAL POLICE WEEK

MAY 15-21, 2024

In 1962, President Kennedy proclaimed May 15 as National Peace Officers Memorial Day and the calendar week in which May 15 falls, as National Police Week. Established by a joint resolution of Congress in 1962, National Police Week pays special recognition to those law enforcement officers who have lost their lives in the line of duty for the safety and protection of others.

Let's recognize National Police Week by honoring and thanking our dedicated DuPont Police Officers who keep our community and neighborhoods safe every day!

Report an issue on SeeClickFix

Need to report a pothole on a city street? Graffiti on city property? Sidewalk damage?

Download the app or go to: https://seeclickfix.com/web_portal/WYnFf8y7KrVAZ5iwpJ56uDQq/report/category/.

Then select the appropriate category to start the process.

There are many categories to choose from including:

Abandoned vehicles, illegal dumping, malfunctioning sprinklers, potholes, private property issues, fallen trees water quality issues, street lights, sidewalk damage, and many more.

The "SeeClickFix" app allows DuPont residents who identify community repair or service request needs to submit photos, location information, and request details directly to City administrative staff members. In addition, the platform provides City officials with a centralized system to manage issues from creation to resolution — engaging residents throughout the process.

Community News from Northwest Landing ROA

Trees with invasive roots removed

We love trees here in Washington - especially the ones that herald spring with lots of colorful blossoms. But some of those beautiful blooms are produced by trees that are considered to be invasive. The roots of cherry trees, for example, will buckle sidewalks and undermine building foundations. Another popular tree - Bradford pear - has been banned in several states because it is invasive and competes with native trees.

Many housing developments - including Northwest Landing - have trees that grow fast and are pretty...for awhile. The builder began construction at Northwest Landing 30 years ago. Many of the trees that were planted in Palisade Village, the first neighborhood in Northwest Landing, are now in need of removal and replacement with more suitable trees.

Northwest Landing Residential Owners Association has begun such a project on properties where trees are destroying underground sprinkler systems and might eventually undermine foundations of nearby homes. Northwest Landing owns and maintains more than 150 "green spaces," most that have grass, shrubs and trees, and a few have protected "heritage" trees, most often Garry oaks, which were here before building began. One greenspace, on Bobs Hollow Lane, had 7 flowering cherry trees with roots so large that they were damaging property of at least one nearby home, and heading toward others. We did not want to remove them, but we had an arborist look at them, and their recommendation was to remove them as soon as possible before they cause any more damage. Cherry trees generally live about 30 years and these trees were near the end of expected lifespan.

There will be new trees planted in that area, likely in the fall that are known to have less-invasive root systems. Several residents expressed dismay about the cherry trees being removed. There are several other areas where people can enjoy flowering cherry trees, including along Barksdale in the Historic Village and adjacent to Chief Leschi Park on Brown Avenue.

Any questions or concerns should be directed to Northwest Landing ROA at 253-964-1289 or roa@nwlanding.org.

City Hall Parking Lot Resealing/Restriping

The DuPont City Hall parking lot will be resealed/restriped on **Wednesday May 15 and Thursday, May 16, 2024**, starting at 7:00 am each day.

One half of the parking lot will be completed at a time, during this time the gravel lot across the street will be utilized for parking.

The mailbox will be accessible for the Post Office pickup during both days, as well as any other deliveries.

Thank you for your patience during this time, once completed the result will be a great benefit to all.

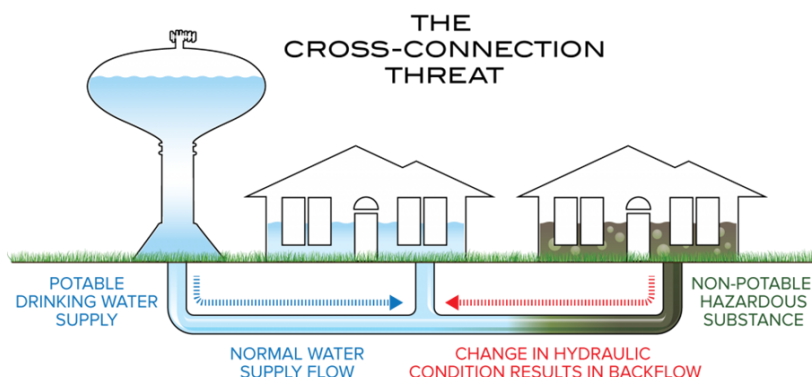

Backflow Device Testing

With warmer temperatures right around the corner, the City of DuPont's water division staff is focusing on backflow.

More than 1500 backflow devices are scheduled for testing during the months of March, April, May, and June, aligning with the start of the irrigating season.

Washington State DOH requires that ALL in-service backflow preventers be tested annually. (Whether in use or not).

Certified city staff are testing backflow devices to comply with Washington State regulations and to ensure our devices are ready should backflow conditions occur.

Double check valve assembly - static condition with checks closed - downstream back pressure. (Pressure values shown for example only)

FIGURE 603.3.4
DOUBLE CHECK VALVE BACKFLOW PREVENTION ASSEMBLY

Why pick up after my dog?

- 1 Common Courtesy** – When you take your pet off of your property, you are entering public shared space. It is the duty of pet owners to ensure that they pick up after their pets.
- 2 Bacteria and parasites** such as salmonella, fecal coliform, and giardia, can be spread by contact with infected dog waste – It can take up to one year for dog waste to completely decay, but even afterwards parasite eggs can linger for years in the soil – harmful for pets and humans.
- 3 Your lawn mower doesn't help and in fact can make it worse** – Mowers will actually chop up the waste into smaller pieces and spread it further throughout your yard where people continue to step in it and then bring it home.
- 4 It's Natural Like Cows, It's Fertilizer – Not True!** This is a common misconception. Not all piles of poop are created equal (diets and digestive systems differ). Dog waste is so high in nitrogen and phosphorus that it can have the opposite effect of fertilizer.
- 5 Dog waste is considered a contributor to stormwater pollution** – Dog poop left out can wash into storm drains, lakes, and streams, potentially harming aquatic life.

THE POOP SOLUTION

SCOOP IT, BAG IT, TRASH IT

Good human.

ADOPT A STORM DRAIN

Did you know storm drains feed directly into our local lakes and rivers, unfiltered? That's why it's so important to adopt a drain and keep them clear for cleaner and healthier water.

Here's how easy it is:

1. Find a drain to adopt near you at <https://adopt-a-drain.org/>
2. Name your drain. Bonus points for fun or creative drain names!
3. Take a few minutes to clean up the street and sidewalk near your drain if needed. Dispose of the debris properly (we show you how to do that too)
4. Report the amount you collect on your Adopt-a-Drain account
5. Repeat as necessary, we recommend about 2x/month
6. Email report to the City to publicworks@dupontwa.gov so we can say **Thank You** for helping out!!

You can make a difference! Every little bit helps. Together we can make a difference.

We protect our water

Sweep up! Rake up! Pick up!

Demographic questions

Commute Trip Reduction - Online Open House

The Commute Trip Reduction (CTR) program works to reduce air pollution, traffic congestion, and fuel consumption by encouraging alternative transportation options throughout Washington State. The state requires jurisdictions to adopt a 4-year Commute Trip Reduction Plan every four years.

Input from the community, along with employers in Pierce County, is being sought to develop comprehensive CTR plans for jurisdictions in Pierce County. The goal is to develop strategies that address community needs and challenges and enhance mobility and quality of life for everyone.

Click on the link to the Online Open House for more information, to participate, and to leave your feedback.

Former spouses seeking ID Cards will need their original divorce decree with a judge's stamp and DD 214 to begin the process.

Community News

Operation ELEVATE is our school district's newest Department of Defense Education Activity (DoDEA) grant. DoDEA grants aim to enhance educational outcomes, reduce achievement gaps, and offer academic programs for districts with a high number of military-connected students. The district was awarded \$1.5 million dollars in September of 2023 to fund literacy initiatives for the next five years.

Operation ELEVATE's primary goal is to address the challenges students face in achieving literacy growth. The plan involves implementing a sustainable system of effective classroom instruction that aligns with collective teacher efficacy conditions. Operation ELEVATE's primary focus is on evidence-based, early literacy enhancements in K-5 classrooms. Technically, the 2023-24 school year is designated as the planning year of the grant, however our staff is already progressing toward grant goals and making a difference for students. This year, we have accomplished:

- An early literacy pilot through University of Florida Literacy Institute (UFLI)
- A pilot at Pioneer Middle School for Lexia PowerUp reading intervention
- 18 of our teachers are enrolled in Dyslexia Certification coursework through Pacific University
- Before and after school Literacy Labs at Cherrydale, Chloe Clark, and Saltar's Point
- Multiple professional development opportunities for our staff
- Professional development planned for August 2024

Upcoming grant goals over the next 4 years include:

- 6-12 English/Language Arts curriculum update/adoption
- K-12 curriculum updates/adoption
- Professional development for staff
- Additional Literacy Lab opportunities for K-5 students
- Materials to implement UFLI at our primary schools

Steilacoom Historical School District is one of 19 school districts awarded last year. This is the district's 5th DoDEA grant award and we are extremely excited for our literacy work to make a positive impact on the students we serve.

Sincerely,
K. Weight
Dr. Kathi Weight, Superintendent

The Steilacoom Historical School District will be changing the times for **school zone lights** in the City of DuPont effective May 6, 2024. Based on a review of other school district practices, and in an effort to create more consistency within the school district, school zone lights will be activated on the following schedule:

Chloe Clark Elementary

AM: 8:35 a.m. to 9:15 a.m.
PM: 3:25 p.m. to 4:05 p.m. (M, T, Th, F)
Wed PM: 2:25 p.m. to 3:05 p.m.

Pioneer Middle School (including Center Drive and Bob's Hollow Lane)

AM: 7:40 a.m. to 8:20 a.m.
PM: 2:30 p.m. to 3:10 p.m. (M, T, Th, F)
Wed PM: 1:30 p.m. to 2:10 p.m.

The intent of the changes is to have school zone lights activate in the morning 30 minutes before the start of school and stay on until 10 minutes after school starts. In the afternoon, the lights would activate 10 minutes before the end of school and stay on 30 minutes after the end of the school day. Whenever school is not in session, the district plans to deactivate the school zone lights, including during Spring Break, Winter Break, other scheduled non-school days, and snow days.

The district is working with the Town of Steilacoom to make similar changes in the near future.

Safety Message - Beach Safety

Check the weather forecast before you head out. This will help you prepare for any potential hazards, such as thunderstorms or high winds. It's also important to pay attention to the UV index to make sure you're protecting yourself from harmful UV rays.

If you swim, don't swim alone. Even the strongest swimmers can get caught in a rip current, so it's important to have someone to watch out for you.

Keep an eye on the tide. If you're swimming in the ocean, it's important to pay attention to the tide and make sure you're not caught in a dangerous situation. Tides can change quickly and unexpectedly, so it's important to be aware of the tide schedule and to keep an eye on the water level.

DuPont Fire Department

Safety Message - Beach Safety Continued.....

Be aware of your surroundings. Keep an eye out for any potential hazards, such as rocks or debris, and avoid swimming near them. It's also important to be aware of the other people around you and to always keep an eye on your children.

Wear sunscreen. Sunburn can be dangerous and can also lead to skin cancer. Sunscreen is essential for protecting yourself from the sun's harmful rays. Make sure to apply sunscreen with at least SPF 30, and be sure to reapply every 2 hours, or after swimming or sweating.

Bring enough water to drink. Dehydration can be dangerous, especially on a hot day at the beach. The sun, sand, and water can all dehydrate you quickly, so it's important to drink plenty of water throughout the day.

Always call for help if you or someone else is in danger. Don't hesitate to call for assistance if you need it. Safety should always be your top priority. If you or someone else is in danger, don't hesitate to call for help. Remember that the most important thing is to get help as soon as possible.

FUN WITH BOB and the squad

Do you remember Bob's Tips? Test what you know and have fun with the whole Squad!

IS THIS surf safe? **ACTIVITY one**

Label the different activities that the squad are doing on this beach as either safe with a green tick or dangerous with a red cross!

DEPARTMENT NEWS

- Officers were present at the Purple Heart Sign Unveiling and Congressional Gold Medal Award Ceremony
- Officers greeted students, parents, and staff at the local schools.

REPORTING AN INCIDENT? NEED AN OFFICER?

- To report an emergency, dial 9-1-1
- To report a non-emergency, dial (253) 287-4455
- If you aren't sure, let us help you by dialing (253) 964-7060

If you have non-urgent questions, suggestions, want to file a complaint or commend a D.P.D. staff member, we appreciate the opportunity to assist you. You may reach us via email at Police@dupontwa.gov or by telephone at (253) 964-7060.

DPD has received several reports of bear sightings in the Hoffman Hill, Palisade and Historic Village areas of DuPont. Washington Department of Fish and Wildlife (WDFW) has been notified.

Bears tend to avoid humans; however, prevention is the best advice.

Report any sightings to 9-1-1 and remember to keep a safe distance if you encounter a bear.

How to Avoid Attracting Bears

Think like a bear, and remove anything that could smell good (to a bear) or look like food. Remember bears can smell food from miles away. Bears also have great memories, and once they've found food around a home will check out other homes in hopes of finding more. Here's how to make sure they don't find anything at your place.

- Store garbage inside a sturdy building, bear-resistant container or enclosure.
- Never leave trash outside overnight.
- Don't feed birds until bears hibernate.
- Cage or electric fence your chickens and livestock.
- Pick fruit before it ripens.
- Avoid planting fruits, berries, edible gardens near your home.
- Don't store food, pet food, beverages, bird seed, coolers, etc. on your porch or deck.
- Avoid feeding pets outside; the smells remain after the food is gone.
- Close and lock garage doors.
- Clean out your car. Don't leave behind anything with an odor.
