City News

Municipal Commission Opening

The City of DuPont is looking for a citizen to fill a vacant position on the **Park & Recreation Commission**.

The purpose of the Park & Recreation Commission is to advise the City Council on various parks and recreations issues, including the Capital Facilities Plan, land acquisition, park development, park facilities and recreation programs, and other matters directed by the City Council. The commission also collaborates with the Planning Commission as needed on matters relating to parks elements of the Comprehensive Plan.

For citizens interested in applying, detailed information about the agency's responsibilities and meeting times can be found on the City's website at: [Park & Recreation Commission | DuPont, WA - Official Website \(dupontwa.gov\)](https://www.dupontwa.gov/512/Vacancies).

The current application can be found at: <https://www.dupontwa.gov/512/Vacancies>.

City News

Volunteers Needed!

Parks & Recreation is looking for volunteers to assist at our summer events to include 4th of July, and Farmers Market! This is a great opportunity for youth in our community to gain community service hours. If interested, please reach out to Emma Wiegand at ewiegand@dupontwa.gov.

The City of DuPont Congratulates the 2024 Graduates of Steilacoom High School and wishes them the best in their bright futures!

REPORT AN ISSUE ON SEECCLICKFIX

Stay connected with the City on your mobile device with SeeClickFix. Report graffiti, abandoned vehicles, illegal dumping or potholes. The "See ClickFix" app allows DuPont residents who identify community repair or service request needs to submit photos, location information, and request details directly to City administrative staff members. In addition, the platform provides City officials with a centralized system to manage issues from creation to resolution – engaging residents throughout the process.

ADOPT A STORM DRAIN

Did you know storm drains feed directly into our local lakes and rivers, unfiltered? That's why it's so important to adopt a drain and keep them clear for cleaner and healthier water.

Here's how easy it is:

1. Find a drain to adopt near you at <https://adopt-a-drain.org/>
2. Name your drain. Bonus points for fun or creative drain names!
3. Take a few minutes to clean up the street and sidewalk near your drain if needed. Dispose of the debris properly (we show you how to do that too)
4. Report the amount you collect on your Adopt-a-Drain account
5. Repeat as necessary, we recommend about 2x/month
6. Email report to the City to publicworks@dupontwa.gov so we can say **Thank You** for helping out!!

You can make a difference! Every little bit helps. Together we can make a difference.

Backflow Device Testing

With warmer temperatures right around the corner, the City of DuPont's water division staff is focusing on backflow.

More than 1500 backflow devices are scheduled for testing during the months of March, April, May, and June, aligning with the start of the irrigating season.

Washington State DOH requires that ALL in-service backflow preventers be tested annually. (Whether in use or not).

Certified city staff are testing backflow devices to comply with Washington State regulations and to ensure our devices are ready should backflow conditions occur.

Thank you for doing your part to keep your neighborhood's water safe!

Why pick up after my dog?

- 1 Common Courtesy** – When you take your pet off of your property, you are entering public shared space. It is the duty of pet owners to ensure that they pick up after their pets.
- 2** Bacteria and parasites such as salmonella, fecal coliform, and giardia, can be spread by contact with infected dog waste – It can take up to one year for dog waste to completely decay, but even afterwards parasite eggs can linger for years in the soil – harmful for pets and humans.
- 3** Your lawn mower doesn't help and in fact can make it worse – Mowers will actually chop up the waste into smaller pieces and spread it further throughout your yard where people continue to step in it and then bring it home.
- 4** It's Natural Like Cows, It's Fertilizer – Not True! This is a common misconception. Not all piles of poop are created equal (diets and digestive systems differ). Dog waste is so high in nitrogen and phosphorus that it can have the opposite effect of fertilizer.
- 5** Dog waste is considered a contributor to stormwater pollution – Dog poop left out can wash into storm drains, lakes, and streams, potentially harming aquatic life.

Youth enjoy free fares on Amtrak Cascades in Washington State

Amtrak Cascades Trains - Kids 18 and under can now ride free on the Amtrak Cascades trains throughout Washington State! A program funded through Move Ahead Washington transportation package and Climate Commitment Act, is making this possible.

The goal is to encourage youth and their families to experience the pleasure of train travel. Those 18 years and younger make up more than 20% of Washington's total population. By making Amtrak Cascades cost free for youth, access to train travel becomes even more affordable for families and young people within Washington.

There are a few travel guidelines but what an opportunity for kids and families to see the wonders of Washington.
