News from ROA NW Landing.....

Alley Sealcoating – Yehle Village – July 16 - 19, 2024

Alleys in part of Yehle Village north of McNeill will have asphalt sealcoated between Tuesday, July 16, and Friday, July 19.

Plants in alleyways: After June 12, Premier Landcare will be trimming plants in the alleys so they are one foot from the asphalt. If you want these plants trimmed a certain way, please do so before June 12.

Alley entrances will have signs posted 24 hours in advance. **Do not enter the alleys while work is underway.**

Be sure your irrigation is turned off. Don't water plants or wash vehicles near the alley at least 24 hours before sealing is scheduled. Alleys cannot be sealed if they are wet.

Do not drive or walk on wet sealcoating. Please stay off the wet sealant – including vehicles – for at least 24 hours after sealcoating is completed.

There will be no access to the alley or your garage entry for 24 hours after the sealant is applied. Please arrange to park on the street no later than 5 a.m. the day your alley work is scheduled. The contractor will remove signs and barricades when the work is complete, and alleys are open for travel.

Homeowners, please be sure to give this information to anyone living in your home, or your property manager. Homeowners may be charged for any damages to the new sealcoating.

Sealcoat Schedule – [download map here to locate your address](#)

Tuesday, July 16: Fisher Avenue and Braget Street

Wednesday, July 17: South side of Charles Street and north side of Bob's Hollow between Garry Oaks Avenue and Wren Road, and alley on north side of Charles Street west of Garry Oaks Avenue

Thursday, July 18: Alleys on south side of Charles Street, west of Garry Oaks Avenue, and north side of Bob's Hollow between Garry Oaks Avenue and Wallace Loop.

Discover the joy of imagination!

Let your child immerse themselves into the world of make believe and fairy tales as we learn lessons of kindness and friendships. These fairytale goers will learn through play, games, stories, songs, dances, and crafts. Let your child create with their new friends, where they will be inspired to use their imagination. Your child will get costume visits and face paintings from Fairy Godmother and take home dazzling projects. This camp is sure to have a happy ending!
 *This is a great ice breaker for kids entering Kindergarten in the fall.

Please have your child bring:
 An oversized shirt for a smock, their favorite stuffed animal & story book.
 Each day bring a snack and water bottle. We are nut free. Let us know of any allergies.

Cost is \$287.50

DuPont Historical Museum

The DuPont Historical Society is currently raising money to restore the last remaining boxcar from the DuPont Plant that was located in town. It will be restored by Historic Railway Restoration Inc. to look as close to its original condition as possible. DHS has received numerous donations and grants from organizations including the City of DuPont LTAC grant, Nisqually Indian Tribe Charity Fund, Squaxin Island Tribe, NRHS Railway Heritage Grant, Puyallup Tribe Charity Trust, Olympia Model RR Clinic members, the Over the Hill Gang in memory of former Museum Coordinator Jerry Williams, as well as several individual donors both inside the community and out.

If you would like to donate to the fund you can donate inside the museum during regular business hours, mail in a check to 207 Barksdale Ave, or donate online at our website or by using this link https://www.powr.io/checkout_screen?unique_label=26056755_1485906178.

You can also show your support by purchasing a replica 3D printed boxcar or a DuPont train pin in our gift shop.

2023 Water Quality Report

2023 Water Quality Report -

The Water Department is very pleased to present the 2023 Water Quality Report to our water system customers. Our constant goal is to provide you with a safe, dependable supply of drinking water. As part of our continued commitment to ensuring the quality of DuPont's water, we want to keep you informed about the drinking water and services we have delivered to you during the past year (January 1, 2023, through December 31, 2023).

The report covers the following topics of information:

DuPont's water system

Water quality monitoring requirements

General health effects

Water quality protection programs

Water quality data

Water use efficiency performance

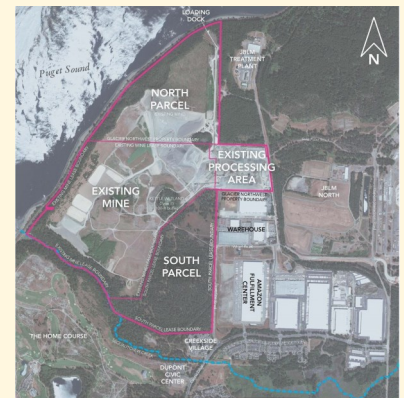

The report can be found on the City's website at: [2023-Water-Quality-Report-Final \(dupontwa.gov\)](https://www.duPontwa.gov/2023-Water-Quality-Report-Final)

Superintendent Message July 2024

Even though school is not in session during the summer, you may see students at Steilacoom High School, as they participate in Career and Technical Education programs provided through our partnership with the Pierce County Skills Center. You may also see some students at our other schools, with childcare services provided through a partnership with Right at School. We are grateful for our community partnerships, which allow us to meet the needs of students and families at little or no cost to taxpayers. These important partnerships help us leverage all of our state and local funding, including the levy, on activities that support student learning and activities during the school year.

These partnerships are highlighted each summer as we present our annual budget proposals to the School Board for review and approval. This year, the Board will hold their public hearing on August 21 at 6:00 p.m. and the public is invited to attend and comment on the budget proposal. The full proposal has been posted on our website since May and was also shared at the board meeting on June 12. You can find the proposal and other supporting documents on our website at www.steilacoom.k12.wa.us/budget.

If you have any comments or suggestions after reviewing the materials, please email us at info@steilacoom.k12.wa.us between now and August 21. This will allow us to consider your suggestions as part of the budget approval process. Our staff will also respond to any questions you may have prior to the budget hearing. Of course, you can also attend the budget hearing and let the School Board know your thoughts in person.

Our budget is a reflection of our district's priorities and our commitment to attain our academic and fiscal goals. We look forward to hearing from you as part of the process.

Sincerely,

K. Weight

Dr. Kathi Weight, Superintendent

Safety Message - Water Safety for Puget Sound

Know the Water-

- Know the times of tidal changes-Can you make it back to the shore?
- Water that is warm on the surface may be much colder below. Use caution when swimming and always supervise young children playing in or near the water. Rivers may not be moving as fast, but log jams can trap swimmers and large rocks and logs could tip over rafts, canoes, and kayaks. Illnesses can be prevented by not swallowing the water – learn more about recreational water illnesses.

Know Your Limits-

- Swimming in the Puget Sound is harder than in a pool. People tire faster and get into trouble more quickly. A person can go underwater in a murky lake, making them very hard to find, or be swept away in currents.
- Swim in a life-guarded area, especially if you are not a strong swimmer.
- Be cautious of sudden drop-offs.
- Be aware when hiking the beach or to sand spit, tides change and can cut off you access back to shore.
- Stay sober when on or in the water. Alcohol and other drugs increase the effects of weather, temperature, and wave action.

Know before you go-

- Know the times the tide changes.
- Tide Cart-DuPont-Wharf.
