Temporary Signs

Sign Placement

It's that time of year for all kinds of events to be held in which temporary signs are being placed along the roads to promote event information or political signs.

Please remember for pedestrian and driver safety, review DuPont Municipal Code (DMC) 25.116.110 and DMC 25.110.010.

Specifically, on **corner lots**, no signs are to be higher than three feet or placed within the vision clearance triangle. The vision clearance triangle (see Figure 1) is that area enclosed on two sides by the intersecting public right-of-way lines and on the third by an imaginary line connecting those points on said right-of-way lines that are 30 feet from their point of intersection.

Figure 1.

Signs that are improperly placed, or removed to facilitate city lawn care, will be removed and be held at the Public Works Maintenance and Operations Facility located at 301 Louviers Avenue.

General Events

General events, such as summer run fundraisers, often have temporary signs placed to provide information to the public. These signs often require a Temporary Sign Permit which may be acquired through an application process. This requires basic information such as sign design, size, number of signs to be placed, sign locations etc.

To acquire a Temporary Sign Permit, an application is to be completed through the City's website portal, <https://www.dupontwa.gov/689/ALL-PERMIT-APPLICATIONS>. A permit letter will be issued upon approval.

Political Signs

As election time gets closer, temporary political signs are being placed throughout the City. These signs **do not** require a permit.

Political signs are to be removed within five working days following an election, except for a candidate who is successful in a primary election, in which those signs may remain until five days after the final election. The person posting the sign shall be responsible for removing it.

Contact City Hall for any questions at 253-964-8121.

Fresh Fruits & Vegetables at the Market

The Farmers Market has three new farmers this year and they are producing some fabulous produce! From fresh berries to crisp lettuce there truly is something for everyone. Gather your friends and neighbors to help support these farmers on a weekly basis at our Thursday market from 3-7PM at Clocktower Park. We are grateful to our farmers for taking a chance on a smaller market, so let's gather together to show our support! The next DuPont Farmers Market is on Thursday, July 25th. Enjoy Thursday afternoons at Clocktower Park with fresh produce, unique artisan goods, delicious food trucks, and lively music.

Discover the joy of imagination!

Let your child immerse themselves into the world of make believe and fairy tales as we learn lessons of kindness and friendships. These fairytale goers will learn through play, games, stories, songs, dances, and crafts. Let your child create with their new friends, where they will be inspired to use their imagination. Your child will get costume visits and face paintings from Fairy Godmother and take home dazzling projects. This camp is sure to have a happy ending!
*This is a great ice breaker for kids entering Kindergarten in the fall.

Please have your child bring:

An oversized shirt for a smock, their favorite stuffed animal & story book.

Each day bring a snack and water bottle. We are nut free.

Let us know of any allergies.

Cost is \$287.50

DuPont Historical Museum

The DuPont Historical Society is currently raising money to restore the last remaining boxcar from the DuPont Plant that was located in town. It will be restored by Historic Railway Restoration Inc. to look as close to its original condition as possible. DHS has received numerous donations and grants from organizations including the City of DuPont LTAC grant, Nisqually Indian Tribe Charity Fund, Squaxin Island Tribe, NRHS Railway Heritage Grant, Puyallup Tribe Charity Trust, Olympia Model RR Clinic members, the Over the Hill Gang in memory of former Museum Coordinator Jerry Williams, as well as several individual donors both inside the community and out.

If you would like to donate to the fund you can donate inside the museum during regular business hours, mail in a check to 207 Barksdale Ave, or donate online at our website or by using this link https://www.powr.io/checkout_screen?unique_label=26056755_1485906178.

You can also show your support by purchasing a replica 3D printed boxcar or a DuPont train pin in our gift shop.

Safety Message - Window Fall Prevention.....see next page

Hi, My name is Parker Reck

I passed away when I was four years old from falling out of my second story window. It was a nice day and the window was open a couple of inches. I managed to open it all the way. To get a better look, I climbed up, lost my balance and fell onto the patio below. I live happily in Heaven watching over those I love and care about. It's my parents mission now to help educate everyone so this won't happen to anyone else!"

PARKER

Window Fall Prevention

In the U.S. 3,300 children under the age of 6 fall from windows every year. Around 8 children die each year. 70% of falls are from second or third story windows.

Window falls and Children

- Do you have windows that are 6 feet or more off the ground?
- How about when your child visits someone else's home?
- What actions have you taken to protect your child?

Children at Risk

- Playful and spontaneous children.
- Imaginative children.
- Energetic children.
- Sound like any children you know?

Children at Highest Risk

- Boys
- Under 5 years old
- Supervising caregivers are distracted (making meals, entertaining, etc.)

Goals of Window Safety

- To educate families about preventing falls from windows.
- To reduce the number of children who fall from windows by challenging communities and families to install window stops and guards.
- To educate families about the importance of windows for emergency escape and rescue.

Window Safety

- Teach your children that "screens keep bugs out, they do not keep kids in."
- Teach them to play a safe distance from windows and enforce this rule in your home. (i.e. "we play one big step away from windows.")
- Keep Furniture or things children can climb away from windows.
- Install window stops that allow you to open windows less than 4 inches. (Be sure an adult can open them in an emergency.)
- Install window guards on windows you open 4 inches or more. (be sure an adult can open them in an emergency.)
- When purchasing new windows, consider ones with built-in safety hardware, known as a Window Opening Control Device.

Please share this information with child care providers, grandparents, babysitters, friends and neighbors who may have children visit their home.

"I want my story to be one others learn from, not relate to."
