Want to know how to make a public comment at a City Council Meeting?

Public Comment at City Council Meetings

The DuPont City Council provides opportunities for public comment at their meetings. The public can comment in various ways: in person, in writing, or remotely using audio / visual technology.

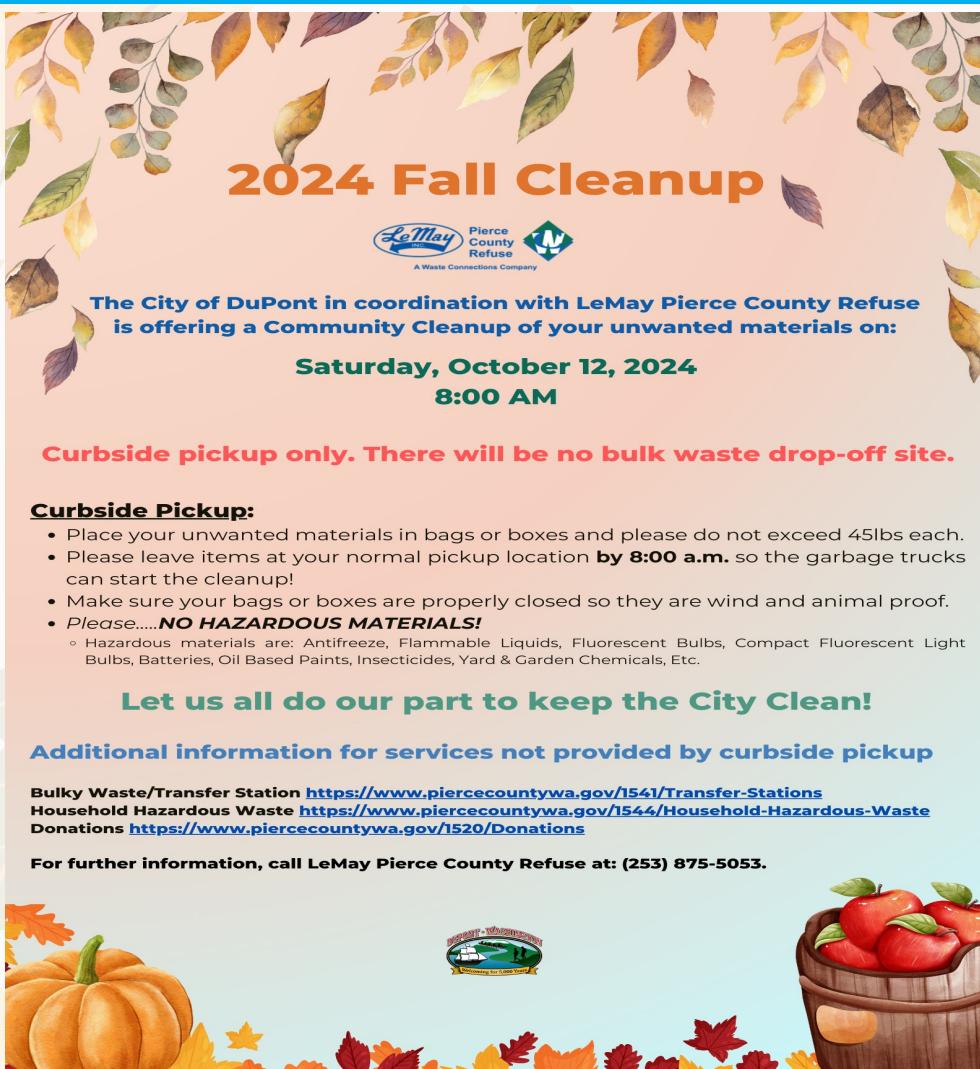

The public is welcome to attend meetings in person to make public comment and submit written comments, as has been allowed in the past. In addition, since 2020, the City of DuPont uses the Zoom platform for the public to attend meetings remotely. The City Council has recently made changes to the City Council Rules of Procedure, revised on July 9, 2024, regarding making public comment remotely using audio / visual technology. The recent change requires requesting access prior to the meeting.

To provide public comment using Zoom, send an email to the City Clerk (kmuir@dupontwa.gov) no later than 10:00 A.M. on the meeting day. Include the following in the email request: the first and last name, the phone number that will be used to call in, and the email address of the caller. Also identify the agenda item (s) the caller wishes to speak about (Public Comment, near the beginning of the meeting; New Business, if there is new business listed on the agenda; and / or Public Hearing, if there is a public hearing listed on the agenda).

A request for remote access can be made after 10:00 A.M. on a meeting day only when an explanation of why the deadline of 10:00 A.M. could not be met. In these cases, the City Clerk or the Mayor may deny the late request at their discretion.

Instructions with the Zoom link, the meeting ID, and password will be sent to the provided email address prior to the start of the meeting. (Requests for access directed to any City official or employee other than the City Clerk, shall be denied.) For the full details, please review Chapter 4.4 Public Comments, found at https://www.dupontwa.gov/DocumentCenter/View/7993/City-Council-Rules-of-Procedure_revised-06-09-2024.

Around the Town – September 2024

We value the importance of early childhood education programming. Pre-kindergarten programs have a significant impact on a child's emotional, cognitive, and social development. Research indicates that access to high quality, early childhood education offers a range of long-term benefits, including improved readiness for school.

Transitional Kindergarten (TK) is a legislatively established early learning program for children who are at least 4 years old by August 31 and have been identified through a screening process to be in need of additional preparation to be successful kindergarten students in the following school year. TK is free for families and TK teachers focus on essential academics, social-emotional skills, and learning habits for children as they begin their academic journey.

We are thrilled to be offering Transitional Kindergarten (TK) at Anderson Island Elementary School this year. We are also exploring the option of offering TK at Cherrydale Primary School and Chloe Clark Elementary School, beginning in November, depending on enrollment capacity.

We have created a TK informational page on our district website, which includes an interest form for families to complete if considering TK. Offering a pre-kindergarten, early learning program has been a dream of ours for many years and we are excited for the possibility of offering this learning experience for the children of our community.

Warm Regards,
K. Weight

FEMA's Ready Campaign

edicates and empowers Americans to take some simple steps to prepare for and respond to potential emergencies, including those from natural hazards and man-made disasters. Ready asks individuals to do three key things: get an emergency supply kit, make a family emergency plan, and be informed about the different types of emergencies that could occur and appropriate responses. Everyone should have some basic supplies on hand in order to survive several days if an emergency occurs. This list of emergency supply kit items is only a starting point. It is important that individuals review this list and consider the unique needs of their family, including pets, for items to include. Individuals should also consider having at least two emergency supply kits, one full kit at home and smaller portable kits in their workplace, vehicle or other places they spend time.
