## City News

OFFICE OF THE MAYOR  
CITY OF DUPONT

RONALD J. FREDERICK  
MAYOR

### PROCLAMATION

**WHEREAS**, the contributions and sacrifices of the men and women who served in the Armed Forces have been vital in maintaining our freedoms and way of life; and

**WHEREAS**, tens of millions of Americans have served in the Armed Forces of the United States during the past century; and

**WHEREAS**, hundreds of thousands of Americans have given their lives while serving in the Armed Forces during the past century; and

**WHEREAS**, our state is home to more than 470,000 veterans, 57,000 Active-Duty military, 17,500 National Guard and Reserves, and their families; and

**WHEREAS**, our veterans are brave and selfless individuals who, when duty called, willingly put themselves in harm's way to defend the lives and liberty of others; and

**WHEREAS**, their abiding patriotism and enduring devotion to the ideals on which the United States is founded can never fail to inspire us; and

**WHEREAS**, our veterans understand the important task before the American service men and women now keeping watch; and

**WHEREAS**, all Washingtonians must strive to ensure that ours remains a land worthy of the great love our veterans have shown for it.

**NOW, THEREFORE**, I, Ronald J. Frederick, Mayor of DuPont, WA, do hereby proclaim November 11, 2024, as

#### **"Veterans Day"**

in the City of DuPont, and I encourage all people in our city to acknowledge and honor the contributions of our veterans to the principles of democracy, individual freedom, and human rights.

Signed this 1<sup>st</sup> day of November 2024

## I-5 - Mounts Rd. to Steilacoom-DuPont Rd. Corridor Improvements

Beginning in late summer 2023, contractor crews working for the Washington State Department of Transportation will begin construction on Interstate 5 in DuPont near Joint Base Lewis-McChord. This is the third in a series of projects that widens I-5 to add HOV lanes between DuPont and Lakewood.

### Improvements coming to DuPont and JBLM

In addition to extending the I-5 HOV lanes, construction crews will make improvements that enhance mobility and safety in DuPont and near the JBLM DuPont Gate at exit 119, including:

- A new bridge spanning I-5 and the railroad. The new bridge will feature a partial Diverging Diamond Interchange and a shared-use path for pedestrians and bicyclists between JBLM and DuPont.
- Direct access between JBLM and both directions of I-5.
- A new roundabout connecting Steilacoom-DuPont Road and the new overpass.

The project will also add a new signal at the intersection of the southbound I-5 off-ramp at Mounts Road (exit 116) and improve the I-5 vertical clearance over Pendleton Avenue.

### What you can expect

Construction will begin in summer 2023 and is expected to be complete in 2026. The project consists of multiple stages that involve overnight and weekend ramp closures, lane shifts onto temporary pavement, potential speed limit reductions, and bicycle and pedestrian detours. Crews will contain dust and debris to the construction site and will minimize noise as much as practical. Clear signage will indicate required detours throughout the project.

The project extends HOV lanes in both directions into DuPont.

## Safety Message - Smoke Alarms

**Sunday, Nov. 3, 2024, at 2 a.m. marks the end of daylight-saving time**

Because working smoke alarms are a critical element of home fire safety, NFPA supports any and all efforts to reinforce the importance of working batteries. However, today's smoke alarms are not all designed the same, making battery messaging more nuanced.

Following is information to help make sure all smoke alarms and CO detectors have working batteries, accounting for the multiple types of smoke alarms on the market and their varying battery requirements:

- Smoke alarms with non-replaceable 10-year batteries are designed to remain effective for up to 10 years. If the alarm chirps, warning that the battery is low, replace the entire smoke alarm right away.
- Smoke alarms with any other type of battery need a new battery at least once a year. If that alarm chirps, warning the battery is low, replace the battery right away.
- When replacing a battery, follow manufacturer's list of batteries on the back of the alarm or manufacturer's instructions. Manufacturer's instructions are specific to the batteries (brand and model) that must be used. The smoke alarm may not work properly if a different kind of battery is used. It's helpful to mark the new battery with the date you changed it.
