An important message from South Sound 911

If you were here and had an emergency, how would you describe where help can find you?

If you ever need to call 911, one of the first questions you'll be asked is your location. Make sure you know your address, nearby landmarks, or major cross streets — especially if you're in an unfamiliar area.

Knowing where you are helps us get to you faster, ensuring you get the help you need without delay.

Stay safe, stay aware, and always be ready to provide your location when it matters most.
